Batteries	GR 24	GR 22 / GR 24	GR 22	GR 24	GR 24	GR 24	GR 24	GR 24

FOOTNOTES:

1. A Precision Seat is required for advanced power seating functions such as Power Stand-Up, or Low-Shear Recline and is depth and width adjustable.
2. All standard PG Drives Controls include actuator control. Specialty controls using an OMNI display and Alternative Drive Controls are available on the R-net system.
3. Standard Base Length and Seat Heights may be increased for certain seat sizes and custom power seating applications.
4. For Lowest height possible on chairs w/ GR 24 Batteries, MK Batteries w/ buried terminals are used.
5. Base weight includes standard batteries but does not include seating or accessories.
6. Super-Low 35° Tilt Available which reduces height by at least 1"
